Feeling lucky? You should be!

Instant 7% rebate on 9PX lithium-ion and DIN Rail UPSs!

Eaton's UPSs are an essential part of any company's power protection plan, and these have quickly become two of the most popular. The 5P and 9PX lithium ion UPS's are known as the "set it and forget it" UPS solution, while the DIN Rail UPS shines in non-traditional, industrial spaces.

From July 15 through Oct 31, 2023, you'll get an instant 7% rebate on both, STACKABLE with every approved deal registration! Jump on these instant savings to persuade your customers that now is not only the best time to purchase a new model, but an equally good time to upgrade!
