# Introduction

To assist all TD SYNEX customers using XML services, TD SYNEX has implemented an XML Freight quoting transaction tool.

The purpose of this tool is to provide “Estimated” Freight Delivery / Fee costs to our customers electronically. (Freight costs and carriers may change during order processing for any number of reasons including sku changes, Order processing times, manual adjustments etc)

It is intended that this tool be used conjunction with both the Price/Availability XML Query tool, which will feed both the Pricing and Availability status of each sku’s.

This document has been prepared in an intuitive format to introduce TD SYNEX XML capability and requirements and is intended for both Reseller IT and Reseller business teams.

This will provide a “feel” of the TD SYNEX XML transactions allowing you to become familiar with responses, required elements and possible scenarios prior to completion of your system development.

Hopefully you will find XML implementation easy and deployment with TD SYNEX quick and satisfying.

It is our pleasure to offer this service to our customers. XML is still relatively new in the industry.

We invite you to grow with us, and encourage feedback/comments on how we can make our systems better.

TD SYNEX XML / Web Services Dept (XMLGroup@synnex.com)

---

# Examples

## 1. Basic Freight Quote request specifying service level and using Zip Code only (Using Version 1.12 or older).

### XML request:

```
<?xml version="1.0" encoding="UTF-8"?>
<SynnexB2B>
  <Credential>
    <UserID>YOUR ID</UserID>
    <Password>YOUR PASSWORD</Password>
  </Credential>
  <FreightQuoteRequest version="1.0">
    <CustomerNumber>YOUR ACCOUNT NUMBER</CustomerNumber>
    <CustomerName>ABC Computer</CustomerName>
    <RequestDateTime>2001-08-28T08:22:11</RequestDateTime>
    <ShipFromWarehouse>30</ShipFromWarehouse>
    <ShipToZipCode>M9W 5Z9</ShipToZipCode>
    <ShipMethodCode></ShipMethodCode>
    <ServiceLevel>2</ServiceLevel>
    <Items>
      <Item lineNumber="1">
        <SKU>108725</SKU>
        <MfgPartNumber>ABCEd354</MfgPartNumber>
        <Description>Laser Jet ABCEd354 30 PPM </Description>
        <Quantity>1</Quantity>
      </Item>
      <Item lineNumber="2">
        <SKU>108798</SKU>
        <MfgPartNumber>ABCEd660</MfgPartNumber>
        <Description>Laser Jet ABCEd660 60 PPM </Description>
        <Quantity>2</Quantity>
      </Item>
    </Items>
  </FreightQuoteRequest>
</SynnexB2B>
```

### XML response:

```
<?xml version="1.0"?>
<SynnexB2B>
  <FreightQuoteResponse version="1.0">
    <CustomerNumber>YOUR ACCOUNT NUMBER</CustomerNumber>
    <ResponseDateTime>2003-06-24T19:29:06</ResponseDateTime>
    <ResponseElapsedTime>6.814s</ResponseElapsedTime>
    <TotalWeight>32.50</TotalWeight>
    <TotalSales>1655.40</TotalSales>
    <FreeFreightThreshold>1000.00</FreeFreightThreshold>
    <ShipFromWarehouse>
      <Number>30</Number>
      <ZipCode>M8Z 5T5</ZipCode>
      <City>Etobicoke, ON</City>
      <Addr>100 Bramshott Rd.</Addr>
    </ShipFromWarehouse>
  </FreightQuoteResponse>
</SynnexB2B>
```

```

</ShipFromWarehouse>
<ShipToZipCode>M9W 5Z9</ShipToZipCode>

</FreightQuoteResponse>
</SynnexB2B>

```

## 2. Basic Freight Quote request not specifying service level or ship method and using Zip Code only (Using Version 1.12 or older).

### XML request:

Same as example above, the only difference is:

```

...
<ShipMethodCode></ShipMethodCode >
<ServiceLevel></ServiceLevel>
...

```

## XML response:

Similar to example 1, but with more <ShipMethodCode> tag loop

## 3. Detailed Freight Quote request specifying service level and Full Shipping Address (Using Version 2.00 or greater).

### XML request:

```
<?xml version="1.0" encoding="UTF-8"?>
<SynnexB2B>
  <Credential>
    <UserID>YOUR ID</UserID>
    <Password>YOUR PASSWORD</Password>
  </Credential>
  <FreightQuoteRequest version="2.0">
    <CustomerNumber>YOUR ACCOUNT NUMBER</CustomerNumber>

# How To Send XML To TD SYNEX

## 1. URL to receive XML request

### Production:

#### US:

<https://ec.us.tdsynnex.com/SynnexXML/FreightQuote>

#### Canada:

<https://ec.ca.tdsynnex.com/SynnexXML/FreightQuote>

### Testing:

#### US:

<https://testec.us.tdsynnex.com/SynnexXML/FreightQuote>

#### Canada:

<https://testec.ca.tdsynnex.com/SynnexXML/FreightQuote>

### Please Note:

1) The HTTPS:// URL(s) above are used for production as well as testing.

***Please Note: HTTP:// URL(s) cannot be used, only secure HTTPS:// URL(s) listed above are allowed.***

2) If customer needs to do high volume 'stress test', please inform the TD SYNEX XML / Web Service team. We will provide you another URL for this purpose.

## 2. HTTPS & HTML

Data for this element can be obtained by visiting our XML Website for Additional Technical Information - <https://www.synnexcorp.com/esolutions/>

# If you have any questions

Technical questions (e.g. how to send, or programming questions), Business Process questions, Production Issues or Feedback, please contact

**US and Canada –**

XML Support Group, [xmlgroup@tdsynnex.com](mailto:xmlgroup@tdsynnex.com)

For IP Registrations please send an email requesting the new IP registration along with your TD SYNEX Customer# to

For the US: Helpdesk US, [helpdeskus@tdsynnex.com](mailto:helpdeskus@tdsynnex.com)

For Canada: Helpdesk CA, [helpdeskcanada@tdsynnex.com](mailto:helpdeskcanada@tdsynnex.com)

A member of our global XML Team or Global Helpdesk Team will gladly assist you and provide a prompt response

## Appendix D- TD SYNEX XML Response Time

Listed below is the average response time collected by our recent production measurement:

1 sku, request availability	: 0.5 Second
5 skus, request availability	: 1 Second
1 sku, request price and availability	: 1 Second
5 skus, request price and availability	: 1.5 Second

### Note:

1. The time is measured from the time the XML request leaves the door of customer to the time XML response reaches the customer.
2. In peak hours, the response time may be takes longer
3. We continue to monitor our response time for service quality assurance, if you experience a response time that is significantly slower than what we have stated, please don't hesitate to contact us.
