SECURITY SERVICES

BROTHER BUSINESS SOLUTIONS

To help protect against print security threats and maintain compliance, Brother devices are equipped with robust **Triple Layer Security** features.

Device — Restrict and limit access to the device at the individual, group, and activity level.

Document — Protect sensitive documents and data in transit to and from print devices.

Network — Protect outside threats using higher level security protocols.

VALUE PRINT PROGRAM

BROTHER BUSINESS SOLUTIONS

The Brother **Value Print Program (VPP)** provides discounts on Genuine Brother toner, ink, and drums for customers who commit to purchase and install select Brother printers and all-in-ones, along with the requisite Brother Genuine Supplies. Program benefits include:

Low Cost Per Page (CPP) — With discounts on Brother Genuine Supplies, the Value Print Program helps to drive CPP among the lowest in the industry.

Device Uptime — Device unification with Brother branded equipment allows for readily available replacement parts. Downtime is virtually eliminated, increasing employee productivity.

Customer Network Security and Integrity — With VPP there is no requirement to load third-party software on a network, reducing the need for on-site visits.

1 Based on one-sided printing. Change from default setting required.

2 Maximum capacity based on using 20 lb. paper.

3 Approximate toner cartridge yields in accordance with ISO/IEC 19798 (letter/A4).

4 The recommended range of monthly printed pages to achieve the best possible performance and printer life. Printers are intended to handle occasional usage beyond this range with little or no effect. Consistently printing above the recommended print volume, however, may adversely affect the print quality or life of the machine. It is always best to choose a printer with an appropriate recommended print volume to allow for any anticipated increase in printing needs.

5 Color and monochrome scan speed with all advanced features turned off, Letter at 300dpi.

6 Approximate yield based on 3 pages per job (letter/A4 single-sided pages). The number of pages may be affected by a variety of factors including but not limited to media type and media size.

7 Approximately 50,000 pages based on 3 pages per job and 30,000 pages based on 1 page per job and (letter/ A4 single-sided pages). The number of pages may be affected by a variety of factors including but not limited to media type and media size.

8 Approximate toner cartridge yields in accordance with ISO/IEC 19752 (letter/A4).

9 Requires connection to a wireless network.

10 ISO print speed based on ISO/IEC 24734 (after first set of ISO test pages). For more details, please visit www.brother-usa.com/printspeed.

11 Actual yield of initial cartridges will be approximately 89% of replacement LC406XL black and 39% of replacement LC406XL Color Series, due to ink system initialization. Approximate page yields stated in accordance with ISO/IEC 24711. For more page yield information, see www.brother.com/pageyield.

12 Drum yield is approximate and may vary by type of use.

13 Approximate page yield stated in accordance with ISO/IEC 24711. For additional page yield information, see www.brother.com/pageyield.
