CHECK POINT™

Spark New Revenue
Market-Leading SMB Security with PAYG Flexibility

Network Security & Connectivity Built for SMBs
It's more than a firewall. It's proven, AI-powered security and connectivity that is simple to manage, scalable on demand, and now available with a flexible Pay-As-You-Go pricing model.

Aligned with End Customer Needs
Monthly payment with no upfront costs addresses the increasing demand from end customers for flexible billing options, enhancing customer satisfaction and retention

MSP Benefits

Recurring Revenue
from one-time sales to steady income

Simplified Operation
one portal, no renewal headaches

Flexible & Scalable
expand or reduce capacity on demand

Faster Fulfillment
stock, deploy instantly, scale with no upfront costs

Usage-Based Billing
predictable monthly fees, SMB-friendly

Powerful, Managed Security for SMB Environments of every size

Proven Security	• #1 block rate for malware, phishing and vulnerability exploits • Reduce patching overhead with advanced security
Fast, Resilient Connectivity	• High-bandwidth throughput • Built-in 5G Cellular & Wi-Fi 7 • 10-Gigabit Ethernet ports and more
Consolidated Cloud Management	• Central posture visibility • Proactive Real-time alerts • Rapid Deployment with Zero-touch provisioning

3 Easy Steps to get started

01
One-time purchase of Spark hardware at minimal cost

02
Pay monthly for activated gateways only

03
Centrally track all PAYG products in the Infinity Portal
