ActZero MSP Program

You manage your customers. Leave the defense to us.

The ActZero MSP program helps your organization **increase revenue** and better **serve customers** by adding full-stack cybersecurity with 24/7 service and support to your portfolio without the stress of doing it yourself.

Flexibility Designed for You

Powerful Full-Stack Cybersecurity

Patent-pending AI, expert threat hunters, and **24/7 protection** across endpoints, network, mobile devices, cloud, identity, and email accounts.

Manage Customer Relationship - Sales to Service Delivery

Multi-tenant platform empowers you to own the customer relationship with full sales and technical support - from resell to white label.

Predictable, Low Pricing

Enable **bulk pricing** on a per-endpoint per-month basis to better project revenue. Pay only upon customer usage.

Allocate Licenses Quickly

Get customers up and running quickly and manage at your pace.
