

11 Reasons

you can achieve more with a refresh!

Complete your customers' Windows® 11 upgrade with new Logitech solutions.

1 Don't leave the upgrade incomplete

Budgets for Windows 11 upgrades are already lined up. A personal workspace upgrade from Logitech is part of the rollout and increases your deal size.

3 Designed for sustainability

Logitech is reducing the carbon footprint of our products, without compromising quality or performance. Two out of every three Logitech products use next-life plastics with more on the way.

4 Let Logitech be your Copilot

Copilot in Windows is an AI-powered intelligent assistant that helps keep users focused on the task at hand. Logitech's optimized devices empower end users to take full advantage of their Windows 11 tools.

5 6

5 Device customization

Employees can use Logi Tune and Logi Options+ apps to optimize their devices based on their specific needs. This feature enables employees to tailor their devices to their workflow.

6 Global PRO Support warranty

Logitech PRO Support provides access to technical support globally. Furthermore, we offer a global warranty with advanced replacement warranty.

7 8

7 Remote management

With Logitech Sync, IT can monitor devices and deploy firmware and security patches en masse to large groups of devices across the enterprise.

8 Make the most of combo deals

Logitech is making it easy for you to sell multiple Windows 11 certified devices in one combo so you can watch revenue soar.

9 Volume control

Our headsets are compatible with Windows 11. This puts you in control of providing leading solutions for helping your team stay focused in an open office or while working remote.

10 Do more with Windows 11

Your customers are upgrading to Windows 11. Don't let them deliver an inferior experience to their users. Upgraded software deserves compatible, business-ready devices!

9 10 11

With millions of customers worldwide, Logitech is the Windows 11 choice your customers will trust.
