2. Structure Overview and Responsibilities

2.1 Authorization to Resell

Under these Terms, Reseller is authorized to purchase HPE aaS Solutions from TD SYNnex and resell them to Customers. In the event that TD SYNnex is authorised by HPE to sell direct to an MSP, then the MSP will be considered the 'Customer' for the purposes of these Terms.

Each HPE aaS Solution sold under these Terms must have a Customer identified, unless specifically authorized by TD SYNnex.

Reseller acknowledges and agrees that HPE entity, TD SYNnex entity, Reseller entity, MSP entity and Customer entity shall be located in the same country.

- 2.2 **Reseller's Responsibilities.** Reseller (which shall include for the purposes of this clause, TD SYNnex acting as a Direct to Resell Partner for the purposes of selling directly to an MSP) will comply with the following responsibilities.

- 2.2.1 Reseller is responsible for entering into its own agreements for the sale of HPE aaS Solutions to its Customers.
- 2.2.2 **Reseller is responsible for passing through to Customer each of the terms and conditions listed in the table at Section 9 and the applicable Solution Material, including the Data Privacy and Security Agreement, for the purchased Services.** Reseller will not obligate HPE or TD SYNnex to provide any services that are not set forth in the HPE aaS Terms for Customers and the Solution Material.

- 2.2.3 Reseller sets the price and the payment terms with the Customer in its sole discretion.
- 2.2.4 Reseller acts for its own account when collecting payments from Customer.
- 2.2.5 Customer will not have any payment obligation to HPE or to TD SYNnex when the Customer purchases from Reseller except in the case where the Customer is an MSP and TD SYNnex is acting as a Direct to Resell Partner.
- 2.2.6 Reseller's payment obligations to TD SYNnex are independent from the Customer's payment obligations to Reseller and their performance by the Customer.
- 2.2.7 Non-fulfilment of Reseller's obligation to pay its debts when due is a material breach of the TD SYNnex T&C's. TD SYNnex may inform the Customer that Reseller is not paying amounts due under its own agreement with TD SYNnex.
- 2.2.8 Reseller will assist TD SYNnex and HPE in obtaining the necessary Customer information so that HPE can identify and conduct a credit check on Customer. If HPE are not able to perform a satisfactory credit check on Customer or if Customer fails the credit check, TD SYNnex will notify Reseller prior to entering into the Agreement. If TD SYNnex and Reseller each wish to proceed with the transaction despite the Customer's credit failure, they must indicate their willingness to do so in writing signed by authorized persons for each of the Parties.
- 2.2.9 When requested by HPE, Reseller or MSP will provide information to TD SYNnex, and hereby authorizes TD SYNnex to share such information with HPE, in order to allow TD SYNnex and HPE to perform credit checks on Reseller or MSP. If TD SYNnex or HPE are not able to perform a satisfactory credit check on Reseller or MSP, or if Reseller or MSP fails the credit check, TD SYNnex will notify Reseller or MSP prior to entering into the Agreement. The transaction will not proceed unless TD SYNnex and Reseller or MSP each indicate their willingness to proceed in a writing signed by authorized persons for each of the Parties.

2.3 HPE Responsibilities

- 2.3.1 HPE will deliver the Services to Customer as described in these Terms, TD SYNnex – HPE Greenlake Integrated Quoting Order Form or TD SYNnex HPE Greenlake Quotation (if applicable), the HPE aaS Terms for Customers and the applicable Solution Material.
- 2.3.2 HPE will have no obligation to deliver any services not included in the applicable Solution Material or any additional services sold by the Reseller or to comply with any other terms agreed between TD SYNnex and the Reseller or the MSP, and/or the Reseller and Customer.

2.4 Parallel obligations of the parties

- 2.4.1 Reseller will inform the Customer that the HPE aaS Terms for Customers and applicable Solution Material, including the Data Privacy and Security Agreement create binding delivery obligations from HPE to Customer in addition to the respective obligations of the Reseller to Customer. When HPE performs the Services, the Reseller shall also be discharged from its respective obligations to the Customer, and vice versa. The foregoing applies accordingly to the relationship between TD SYNnex and Reseller.
- 2.4.2 The HPE aaS Terms for Customers and the applicable Solution Material create binding delivery obligations from HPE to Customer in addition to the respective obligations of TD SYNnex to Reseller. When HPE performs the Services to Customer, TD SYNnex shall also be discharged from its respective obligations to Reseller.

- 2.4.3 In relation to an MSP, the HPE aaS Terms for Customers and applicable Solution Material, including the Data Privacy and Security Agreement create binding delivery obligations from HPE to the MSP in addition to the respective obligations of TD SYNnex to MSP. When HPE performs the Services, TD SYNnex shall also be discharged from its respective obligations to the MSP, and vice versa.
- 2.5 **Pass Through Terms to an MSP:** the terms and conditions listed in the table at Section 9 and the applicable Solution Material, including the Data Privacy and Security Agreement, for the purchased Services shall apply to the MSP. HPE nor TD SYNnex are obligated to provide any services that are not set forth in the HPE aaS Terms for Customers and the Solution Material.
- 2.6 Reseller acknowledges that its compliance with these Terms are of the essence, in particular section 2.2 (Reseller's Responsibilities), section 2.4 (Parallel Obligations of the Parties) and/or section 5 (Reseller Insolvency) of these Terms. Reseller agrees that it shall defend, indemnify and hold harmless TD SYNnex from and against any and all claims, costs, charges, penalties, demands, losses, obligations, liabilities, damages and expenses (including reasonable attorneys' fees) suffered directly or indirectly by TD SYNnex resulting from and against any third-party claim, including any HPE's claim, arising out of, or in connection with any negligent or wilful breach of any covenant, representation or warranty made by the Reseller in these Terms or any failure by the Reseller to perform or fulfil any of its obligations, covenants or agreements set forth in these Terms. In particular, and without prejudice to any other available rights or remedies TD SYNnex may have under contract, law or otherwise, the Reseller agrees to reimburse, upon first demand, TD SYNnex of any and all sums TD SYNnex may have to pay to HPE in the event of failure of the Reseller to comply with section 2.2 (Reseller's Responsibilities), section 2.4 (Parallel Obligations of the Parties) and/or section 5 (Reseller Insolvency) of these Terms.

- 4.1.7 If TD SYNnex is no longer authorized to distribute HPE aaS Solutions.

4.2 **Effects of termination.** In the event of a termination of all or any portion of the Services before the expiration of a Commitment period for any reason other than HPE's uncured material breach or insolvency, including the exercise of any termination for convenience right within a Commitment period, the Reseller or MSP must pay early termination fees equal to the Subscription fee for the impacted Services times the remaining Commitment period. For Services with a ramp-up period, Services will be deemed to include all Systems installed, even if not activated.
