

Destination AI™ | intel®

AI PRACTICE ACCELERATOR

GROW YOUR AI BUSINESS WITH CONFIDENCE

Intel and TD SYNnex invite you to participate in Destination AI Practice Accelerator, a comprehensive program designed to help partners build profitable, scalable, AI practices.

Powered by the proven **Revenue Solution Path** methodology, the Accelerator helps you create strategic clarity, validate your go-to-market strategy, and establish repeatable motions that drive growth. Through expert guidance, practical workshops, and proven tools and resources, you'll gain everything needed to launch and scale AI solutions with greater speed and predictability.

Join us and transform your AI business into a repeatable growth engine!

PROGRAM BENEFITS

- **In-depth practice growth strategy workshop** and thought leadership for partner leaders.
- **Enablement series** for your sales, technical, and marketing teams.
- **A hands-on approach** to help you succeed.
- **Optimize** your sales and marketing investments for greater ROI.

PROGRAM JOURNEY

FEEDBACK FROM PARTNERS

// "The most beneficial and tangible session I have been through with TD SYNnex! Everything from getting the idea of what an AI practice could look like to the plan to be able to implement it and execute it, all of that was provided as a part of this process. As a result, our company now has developed an AI strategy, a go-to-market strategy to serve our customer base."

- Chris McDaniel | Vice President of Sales, vTECH io

"Really excited for what's to come. There's more work to do, but I'm really excited about the outcome of this training and what it's going to provide to our organization to offer AI solutions to our customers."

- Christine Stanton | VP of Sales & Operations, Xerox

Experience the excitement of AI Practice Accelerator!
