

RAISING THE BAR IN GOVERNMENT

Make citizen services more accessible, workforces more productive, and communities safer with the Rally Bar Family.

Rapidly deploy high-quality video collaboration solutions that are easy to use, connect seamlessly to existing IT systems and platforms, and are cost-effective to scale. With Logitech's all-in-one video collaboration solutions, teams have the right tools to connect to make decisions that build better communities from any location.

The Logitech Rally Bar Family consists of three appliance-based products: Rally Bar, Rally Bar Mini, and RoomMate for larger, custom rooms. Additional mic pods and accessories are available to equip the board rooms, courtrooms, mobile carts, official's offices, or any room in between.

OPTIMIZE COMMUNICATION

Rally Bar and Rally Bar Mini keep the focus on what matters with AI Viewfinder, which uses scene awareness to optimize RightSight auto-framing and camera control

A MORE RELIABLE AUTO-FRAMING METHOD

While audio-driven camera auto-framing technology gets hung up on the loudest speaker in the room, the Rally Bar and Rally Bar Mini use a variety of methods to make sure that the camera focuses on what it should.

- AI-driven Insights can tally everyone in the room with AI Viewfinder's people count function.
- Using human perception, Rally Bar and Rally Bar Mini adapt to room conditions.
- Rally Bar and Rally Bar Mini pan, tilt and zoom to automatically keep the camera on the action.
