Work from anywhere solutions

Customers agree: our selection and service are second to none!

Definitely a keeper.

"This has turned out to be a great little hub. I move from office to home frequently and this little box has me well-covered in either environment."

Robert Verified Buyer

Great value in performance for the price.

"Anytime I head out of the house with computer in hand, I take this surge protector with me. You never know what or how dependable the power source is you're using to power your valuable equipment." Joseph Verified Buyer

Sturdy and worth the money.

"Frustrated by Lightning cables that fail too quickly, I was happy to find a Tripp Lite solution available. The product was as expected – well-made and high quality." JC-PGH

Pittsburgh, PA

Small but useful.

"This portable adapter is easy to use. I can take it with me wherever I go. I've been using it for both my laptop and desktop computer."

Hubby El Paso, TX

Matthew Albuquerque, NM

Great product and tough.

it lasted for a very long time.

and never showed the wires,

unlike other products. I would

suggest this product to anyone, especially for tough job sites."

"I used this product at work and

Also, it had tough construction

Compact, portable and strong!

"A great product, with the perfect size to slide into my laptop carrier case without taking up extra space. The body is strong and durable, yet lightweight and compact. Definitely recommend this product!"

Nicky B Santa Barbara, CA

Quality HDMI switch

"I am totally impressed with this switch. Built to be sturdy and attractive looking!"

Michael Verified Buyer

I rely on this HDMI extender for our digital signage

"These super extenders have performed remarkably well. They are put in place for distances ranging from 100 feet through 260 feet."

BloodCenter Milwaukee, Wl

Great product

"DP to HDMI adapter cable – great product for old computers converting to smart TV with HDMI ports!"

rward88 Mount Vernon

Worked great for our application

"Used this product for 3 camera feeds and 1 computer output on 4-up display. We tried a different, lower-cost 4x1 but it did not perform with lower resolution. Switched to Tripp Lite and everything works!"

MnMoondog Minneapolis, MN

Easy peasy...works like a charm

"Very simple product to use. Easy to connect. Works great. Priced well."

Amy Overland Park, KS

Outstanding product, great price

"Outstanding product. Battery was fully charged right out of the box. Can truly see a difference and hear a difference in my audio video equipment. Backup works perfectly."

Michael Verified Buyer

Customers agree: our selection and service are second to none!

We really like this rack!

"We used this cabinet rack in a place where we didn't have a closet. We got the white one, which looks good where we put it. We really like it with all its features & versatility!"

Great 2-monitor mount!

"I have 2 of them in my office and am extremely pleased with the build quality and the amount of desk space I was able to get back."

pd2008 Verified Buyer

The Best Protection

"Twelfth Tripp Lite purchase since recommendation by audio store in 1994. Will keep on buying, nothing protects like Tripp Lite."

Fred Verified Buyer

Todd Verified Buyer

Compact and sleek

"Purchased this charging station for our training laptops and love the adjustable feature for different sized technology. Would buy again for sure!" **BOM.com** Eugene, OR

If I need a power strip, it will be a Tripp Lite

"I own two of this model power strip. I have used these strips since I was in the army. I have never had one fail on me."

William Verified Buyer

Great PDU

"We got 5 of these to replace our old PDUs. We have had zero problems with these and the fact that they 'lock' into the outlet is very reassuring; we no longer have to worry about accidentally unplugging half of the rack."

Verified Buyer Loveland, Colorado

Industrial solutions

Make Industry 4.0 a reality with solutions purpose-built to power, protect and connect IT equipment in harsh environments.

Industrial enclosures

Securely organize equipment and protect it against factory contaminants. Red or yellow firstresponder models available.

DIN rail mountable panels, modules and couplers

Rugged metal panels and modules for keystone jacks and couplers organize and protect cable connections in DIN-rail installations.

UPS systems Battery backup systems prevent downtime and protect data during outages. Extreme temperature and DIN-rail mounting models available.

PoE solutions Power over Ethernet switches, injectors, midspans and cabling power network devices with flexibility and low costs, making it simpler to add smart devices in factories.

Safety surge protectors

Protect It![®] industrial safety surge protectors provide outlet safety covers and rugged metal casing.

Industrial-grade network switches

Ethernet switches with DIN-rail mount and PoE+ options can operate in temperature ranges as wide as -40°F to 167°F (-40°C to 75°C).

Industrial power strips UL safety-rated strips distribute power in workbench, wall-mount or floor-mount applications and guard against accidental shutoff.

Remote management Remote monitoring and management for UPS, PDU and cooling units make factory power more sophisticated and cost-effective.

IP68-rated cables Cat6, fiber, USB and HDMI cables offer options like shielding, IP68 rating and UL certification for high temperature applications.

Industrial hubs with metal housing and ESD immunity charge and connect up to 10 USB devices. DIN rail mountable options available.
