

NEW

## Introducing the VMware Solution Center

*Hands-on enablement. Real-world solutions.*

We're thrilled to introduce TD SYNnex's new Solution Center room dedicated to VMware, designed to help partners **learn, build and showcase VMware Cloud Foundation (VCF) solutions** through hands-on enablement and expert-led experiences.

### VCF demonstrations

Experience live demos of VMware Cloud Foundation solutions

### Technical expertise

Gain hands-on guidance from VMware-certified experts

### Solution development resources

Access exclusive labs, workshops, and partner resources.

### Where VMware partners bring solutions to life.

The VMware Solution Center provides partners with a dedicated environment to:

- Host partner and customer events.
- Deliver sales and technical training sessions.
- Run live demos and proofs-of-value.
- Support sales kickoffs (SKOs) and team enablement.

### How the VMware Solution Center unlocks value.

- **Build proofs-of-concept** aligned to real customer use cases.
- **Participate in hands-on workshops** and expert-led enablement.
- **Develop end-to-end VMware solutions** with top TD SYNnex technologists.

## Ready to book your next enablement experience?

If you're looking to deepen your VMware expertise through hands-on events, the VMware Solution Center Room is designed for you.
